

# 3D - Indoor Tournament in Oberweiler

We would like to invite all friends of 3D-Bowhunting to our 3st Indoor  
Tournament

03. + 04. of March 2018

With this indoor event we would like to give every archer the chance to experience a  
different kind of 3D-bowhunting, combined with a season opening independent of the  
weather conditions.

## Location

54636 Oberweiler

Günter Grün

Bitburgerstr. 1

Oberweiler is located about 12 km away from Bitburg and 4 km from Biersdorf am See. The  
tournament is taking place in a closed but unheated hangar; therefore we recommend warm  
clothing.

## Course Of Action

18 3D-targets will be shot from 9 shooting positions with distances between 5 and 25 m.  
Every shooting position will be filled with two archers, so the group size will be 18 shooters.  
From each position the archer will shoot 2 targets. The time limit per arrow is 30 seconds,  
and will be controlled by a light signal. Each group will shoot a double hunter and a hunter  
round, which equals 54 arrows per archer.

## Group Model

(Example: Group I)

**Shooting Position 1**                      **Archer I 11 and Archer I 12**

**Shooting Position 2**                      **Archer I 21 and Archer I 22**

-----

**Shooting Position 8**                      **Archer I 81 and Archer I 82**

**Shooting Position 9**                      **Archer I 91 and Archer I 92**

## **Shooting**

(Example: Group I and II)

Group I starts with the double hunter round. The first 9 archers (I 11, I 21, I 31,...) shoot the 3D-targets that belong to their shooting position, within 2 minutes. After that, the other 9 archers (I 12, I 22, I 32,...) will shoot the same run from their shooting position.

After each round, the scores will be taken by a member of the Eifel Bowhunter. The archers will change the shooting positions on a rolling basis; so that after 1 hour each archer has passed every position.

While Group II is shooting as explained above, Group I will take a break (approx. 1 hour).

After Group II has finished their double hunter round, they will take a break, while Group I will start with the hunter round, which takes around 45 minutes (time limit per archer: 1 minute).

Finally Group II will shoot the hunter round as explained above.

## **Scoring**

Inner kill	10 points
Outer kill	8 points
Wounded	5 points

As mentioned before, the scores are taken by the members of the Eifel Bowhunter and afterwards the archers will pull their arrows.

## **Number Of Participants**

Saturday:	max. 5 groups with 18 archers
Sunday:	max. 4 groups with 18 archers

## 2-Day-Participation

Our 3D-Indoor tournament is a one-day tournament.

If you like to participate on both days, you have to sign up for two different styles (e.g. 1. Day: Recurve, 2. Day: Longbow). Then also the registration fee has to be paid twice.

## Styles

PB Primitive Bow	Wooden bow with natural materials, no sights
LB Longbow	Traditional longbow, wooden arrows
FU Freestyle Unlimited	all bows with sight and trigger/release
FSR Freestyle Recurve	with sight, tab or glove
FSC Freestyle Compound	with sight, tab or glove
BBR Barebow Recurve	Facewalking, Stringwalking, tab or glove
BBC Barebow Compound	Facewalking, Stringwalking, tab or glove
